# WE ARE FOODCASE

---

# WELCOME TO FOODCASE

At Foodcase we love everything to do with travel F&B and we consider ourselves experts in all aspects of its production from conceptualization to distribution. The industry describes us as a “one-stop shop” and worldwide distributor of everything you need to feed travellers on board from snacks to pastries, from ambient ready meals to specials meals for all cabins.

All this is made possible through our close association with more than 400 dedicated manufacturers and brands throughout Asia, EMEA and North America. We are also passionate about sustainability and make it our business to ensure that we meet the highest standards from manufacturing to production; packaging to distribution.

Through our unique relationship with the world’s foremost Food Science University Wageningen UR, we also have direct access to the latest research in terms of creating smart food for a greener world.

# HOW CAN WE HELP?

## ***WE MAKE LIFE TASTY!***

Foodcase is an award-winning Netherlands-based company with a global perspective.

We are specialists in ambient, frozen and chilled F&B concepts and following our founding ethos: *“to Know, to Collaborate and to Create”* we are able to offer innovative solutions for all your needs.

We are a full-service solution partner able to meet all your onboard product requirements. We are also able to assemble all boxed meal concepts including BoB, pre-order, complimentary service and hybrid concepts in “airline-proof” packaging.

As an independent advisor, Foodcase is able to guarantee a totally impartial service to meet your needs.

Ultimately, our sole objective is to exceed our customer’s expectations whilst creating products that live up to consumer preferences and standards.

# OUR MISSION STATEMENT

## **#1 TO REDUCE FOOD WASTE**

- by making use of the right food processes and technologies to extend the shelf life of products and cut waste.

## **#2 TO REDUCE PLASTIC USE**

- by using the most effective packaging with the lowest impact on our climate.

## **#3 TO REDUCE MEAT CONSUMPTION**

- through scientific research into the protein transition for vegan and plant-based food concepts.

## **#4 TO SIMPLIFY DELIVERY USE**

- through our global manufacturing network we are able to minimise logistics and keep our delivery costs to a minimum.

# BAKERY

---

Portfolio 2023

# BAKERY

Bread and pastries are always a very important element of an on board meal and some passengers even rate the carrier by the quality of their bread rolls!

We can offer a wide range of top quality bakery products to suit your client and these can be presented in an assortment of oven bags to save time, staff and wastage.

These include an assortment of French pastries and cakes with a shelf life of up to 60 days. Our Danish pastries are frozen and have a shelf life of 360 days.

Our selection of over 30 frozen fully-baked mini rolls are available individually packed in oven bags or mixed to offer an assortment of 12-15 rolls ready to warm up on board. We can supply 16 bags in a box.

**That's all your bakery problems wrapped up!**

## FOODCASE ICONS

# PACKAGING TYPES

We have a wide variety of sandwiches and bread rolls in addition to an array of options when it comes to packaging. We have single packed, bulk packaging and oven-ready bags.

Furthermore, we are happy to think along with you if you have any other wishes!

**SINGLE  
PACKED**

**BULK  
PACKAGING**

**OVEN BAGS**

## Choose your own mix from a selection of over 30 Mini Rolls

- Perforated oven bag keeps the interior texture of the roll moist and the crust crispy.
- Offer a variety of mini rolls on board with only one Oven Bag.
- The fully baked rolls are refreshed on board.
- 12 or 15 pieces per bag, 16 bags per box.
- Save time, handling, and wastage.

# SPECIAL MEALS

---

Portfolio 2023

---

# SPECIAL MEALS

Considering the limited options of guaranteed allergen-free meals for adults and children. Foodcase and our partners have worked tirelessly to create the right delicious allergen-free recipes, a dedicated free-from environment for production, distribution, and allergen guaranteed onboard experience for passengers. These meals are suitable for all travel sectors, from plane to train and cruise.

Foodcase looks to cater for the needs of the Special Meals passenger. The rise in food allergies, special dietary needs and different lifestyle choices require a new way of doing things. Many companies cannot guarantee their meals from being allergen free and have the much-maligned alibi statement or "May Contain" caveat, making them unsuitable for passengers travelling with food allergies.

## LIBERO CONCEPT

In the last few years, the world is a changed place. Those with special dietary needs more-than-ever are looking to have those needs met so they can stay healthy. Those with special dietary needs are frequently more susceptible to illness, so eating right and allergen appropriate is one of the single most important parts of staying well at this time.

Libero is exclusively a world of free-from dining, we are dietary meals specialists, catering for the travel, airline and hotel sectors. Travellers of today especially now are actively seeking their dietary, food allergy and intolerance needs to be not only met, but exceeded, without fear of cross-contamination or compromise.

Our food must taste delicious, not just simply cater for a dietary requirement. Bland, compromising food, with fruit salad for every special meal no longer cuts the mustard. Getting special meals right takes imagination, creativity, thought and a little bit of science.

We are exclusively a gluten, nut, peanut and sesame-free business. We also have a huge selection of dairy-free, vegan and vegetarian meals alongside the most commonly requested meals. In addition, some of the more modern diets followed today; our DBML or diabetic meal is also Ketogenic (KETO). Our BLML (aka bland meal) is also Low Fodmap - a much sought-after dietary requirement, seldom delivered.

# BOX SOLUTIONS

**Our unique special meal boxes are fully biodegradable, tamper-evident and designed to be held in the freezer.**

The main meal can be removed and placed in the oven. The heated meal box then inserts at the side for the cabin crew to hand to the passenger.

The box has a tear strip for the passenger to open at the front, making it easier to eat.

**All boxes contain a bread roll, low salt, pepper, cutlery and a napkin.**

All meals are gluten, nut, peanut and sesame-free and produced in an allergen-controlled environment.

# Cub food

FREE-FROM | FOOD FOR KIDS

## CUB FOOD CONCEPT

A Cub is a smart kid who has food allergies. A Cub wants to be like every other kid, enjoy school, enjoy life, enjoy his friends and family. A Cub is an explorer who loves travelling. A Cub doesn't want to be defined by his allergies.

Cub Food is a range of free-from food for children, food they love and can enjoy without anxiety. Our goal is to help manage the anxiety, not to eliminate it. It would be great if we never felt anxious or worried? Sorry to burst the bubble but that's not a realistic goal for anyone. The best way you can help children like cubs with food allergy navigate anxiety is to help educate them, to help them learn to accept its presence, understand it, and develop skills to manage it.

It's those anxious feelings that can also be a positive tool, reminding kids to assess risk and motivate them to cope in order to make it through uncomfortable situations.

## WHAT'S FOR DINNER?

With the 300% rise in children's food allergies in the last two years we have worked hard to design the food and menus we offer kids with in mind. All Cub Food is gluten, dairy, tree nut, peanut and sesame-free as a standard.

We offer a great range of vegan options in addition to meat-based meals which is all red tractor as a minimum standard.

**Cub food**

# DESSERTS

---

Portfolio 2023

# DESSERTS

When it comes to desserts we have everything covered. Our production facility is able to produce mousses, crumbles and fruit pots in accordance with dietary needs, Halal regulations and gelatine-free for everyone to enjoy.

We can tailor make desserts to suit your requirements and offer a flexible range of pots in different sizes. With a shelf life of up to 540 days, these mini portions of puddings and cakes make a popular and simple sweet option.

For a more substantial pudding option we offer a choice of 70 gr cheesecake, rice pudding and salted caramel and chocolate biscuit servings in stylish easy-to-serve mini pots.

Simply a delicious sweet selection.

## FOODCASE ICONS

## MOUSSES AND CREAMS

### **Flexible production:**

Our production lines are flexible and allow for a maximum of five different dosings of mousse, fruit sauce, crumbles and decorations in various shapes and sizes.

Another option is baked items (eg. brownies, carrot cakes) covered with an indulgent layer of custard or chocolate sauce placed in a pot.

## MOUSSES AND CREAMS

65ml

*All our dessert products are tailor made upon your needs!*

# SQUARE COUPE

## *Design:*

Committed to delivering the best service possible, we also offer the possibility of in-house artwork designs of seals, pots and labels.

It is our challenge to incorporate the required components (ingredients and allergens) into an appealing design.

## Square coupes

- *Strawberry cheesecake*
- *Heavenly cream*
- *Macau pudding*

# PUDDING AND CAKES

## ***Special diet requirements:***

Consumers are increasingly aware of what is in their food. That is why most of our mono portions are developed to be vegetarian (gelatine-free) to ensure everyone gets to enjoy our delicious desserts!

Additionally, our production facility is able to produce in accordance with Halal regulations in order to also cater our Islamic consumers.

# HOT SNACKS

---

Portfolio 2023

# HOT SNACKS

Our hot snack range is designed to meet all tastes and dietary requirements.

Winner of the prestigious Onboard Hospitality Award for on board snacks is our box of Fries in the Skies. Easy to heat to create a tasty crispy treat, the snack can be paired with Jean Bâton black truffle or vegan mayonnaise as the perfect accompaniment.

Our popular frozen pizza and bruchetta range is designed for their simplicity and appeal with a shelf life of up to 450 days. A choice of ham & cheese or caprese panini make an ideal small snack.

Our German currywurst is proving a great success, featuring a (pork or turkey) sausage served with a traditional German curry sauce in a simple-to-heat tray weighing 200 g. Usually served with fries or a bread roll, the ambient dish has a shelf life of up to 180 days.

Hot pots are a great solution for people on the move and you can never go wrong with serving pasta or risotto in these simple attractive cartons. Each weighing 70 gr with a shelf life of up to 420 days, snacking couldn't get simpler.

With the increasing demand for Asian-fusion food, our noodle cups come in a range of vegetable and protein flavours in addition to our Asian style instant ramen pots.

## FOODCASE ICONS

# CURRY WURST

## GERMAN STREETFOOD

The most popular German streetfood snack finds its origin in Berlin where in 1949 Herta Heuwer combined a German sausage with a new sauce. After she mixed ketchup (or possibly Worcestershire sauce) with curry powder from British soldiers in Germany, the Curry Wurst was born. The dish is usually served with French Fries or a bread roll.

## PRZYSMAKI ŚWIATA

Yummmity are full-flavored compositions inspired by cuisines from all over the world. They are top-quality combinations of selected ingredients and spices prepared according to recipes created by professional chefs and clinical dietitians, who create recipes with incredible passion. All recipes are based on exotic products and original formulas. All the recipes are supposed to make cooking easier and explore new flavours. This is the way how Yummmity brand was created. We offer you two instant dishes but in a healthy option:

- Italian style dish is an aromatic dish inspired by pasta a 'la Bolognese. Rich source of protein, potassium, and high fiber.
- Mexican style dish inspired by chilli sin carne is a slightly spicy and aromatic meal, which contains a lot of fibre, protein, phosphorus, potassium, and magnesium.

You can eat both dishes anywhere you want because all you need to do is add hot water and wait 5 minutes. You do not need a kitchen, pots, or a refrigerator. They are very nourishing dishes for one person, 100% natural and vegan. Without any dyes, flavours, or preservatives.

**With Yummmity, your diet will be tasty, easy, and fun. You get free time that you can spend with your family on other activities.**

The logo for Yummmity, featuring the word "yummmity" in a lowercase, rounded, green font. A single green leaf is positioned above the letter 'i'.

# ZWAMCIJSJE

HEERLIJK VAN EIGEN BODEM

The brand dedicated to the category of the tastiest plant based rolls introduces the 'Golden Roll'.

A crispy golden brown puff pastry roll filled with deliciously tender oyster mushroom.

It combines the taste experience of the classic sausage roll with a much better carbon footprint and health benefits. The game changer is the mushroom that we use. It naturally gives a savoury taste and a tender bite. These mushrooms are circular grown in the Netherlands under perfect conditions.

We believe that is important to go further than vegan. Bringing balance in our food system is about dedication to quality and logic. By making awesome tasting products that take a much smaller quantity of water, CO2 and energy to produce we ensure that more people enjoy sustainable food.

Please try the Golden Roll yourself and experience how easy it can be to eat better.

# COLD SNACKS

Our award-winning tapas and antipasti platters are proving popular with passengers all over the world.

Traditionally served before a main course and an essential ingredient of any Mediterranean kitchen, this gourmet collection of premium cured meats, speciality cheeses, dips and olives are simple to serve in a box or on a platter and are perfect as a sharing option.

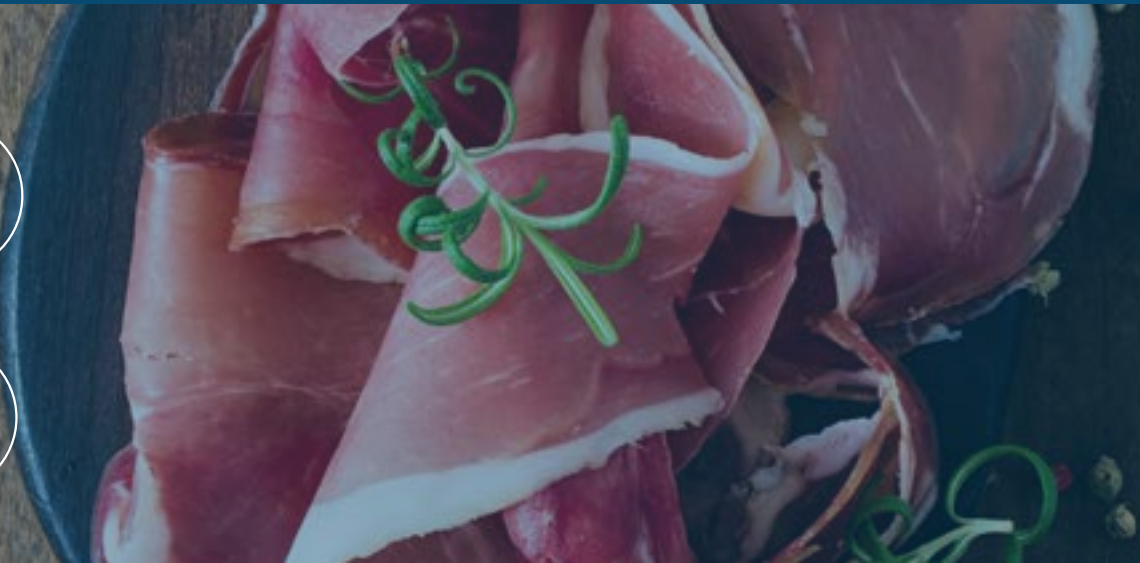

For a truly impressive meal solution, our platter tray comes with a range of options including Lonza prosciutto, Serrano ham, Beef salami, Iberico cheese, Provolone cheese, Iberico Cheese and Manchego. Additional delicacies can include hummus, mini fuets, sundried tomatoes and green olives with a delicious assortment of crackers or grissini.

You simply make your selection from the range of products and flavours and leave us to do the rest. The shelf life of these platters is up to 62 days.

Our extensive snack range is designed as a complimentary offering and Buy on Board for passengers and comes in all shapes, flavours and sizes. Bites and crisps include pretzels, nachos, olives, bread sticks and our nut selection can be custom-made in individual packaging and different weights range from 40-60 gram.

Basically, any snack goes and we are happy to work with you to supply a mini bite or a satisfying healthy mini meal to be eaten at leisure.
